Accessing the webshop

Go to: https://shop.wur.nl/wfsr_pt

The homepage serves as an online portal for laboratories to access and manage proficiency tests offered by Wageningen Food Safety Research (WFSR).

The screenshot shows a web browser window displaying the homepage of the WFSR PT webshop. The browser's address bar shows the URL https://staging.wurdev.hypernode.io/wfsr_pt. The text on the banner reads: "Webshop WFSR proficiency tests", "European Union Reference Laboratory in the area of growth promoters and mycotoxins & plant toxins", and "To explore the potential of nature to improve the quality of life." Below the banner, there is a section titled "The European Union Reference Laboratories (EURLs) aim to ensure high-quality, uniform testing in the EU. They are appointed by the European Commission." This is followed by a list of areas where Wageningen Food Safety Research is an EURL:

- Residues of growthpromoter, sedatives and mycotoxins in food of animal origin
- Mycotoxins and plant toxins in food and feed

The section also includes "How to proceed:" instructions for logging in or contacting support via email (pt.wfsr@wur.nl), and a "Support:" section with further contact information. An image of hands in green gloves holding a multi-well plate is positioned to the right of the text.
